RUSSIAN ARMY MUTINEERS HURL DEATH THREATS

ANGERED SEARCH FOR SLAYER OF WHITE MAN IS CONTINUED

Citizens Stirred By Sequel of Dance Row Bringing Death to Loran Eckles

NO LET UP IN HUNT FOR MEXICAN GUNMAN

El Toro Still Scene of High Excitement Following Sensational Shooting

Outside the dance hall at El Toro at 11:35 o'clock Saturday night, Loran E. Eckles was shot down and killed by Jose Sanchez, a Mexican.

Sanchez escaped. He has not been captured.

The shooting occurred during a mix-up at a dance. There is reason to believe that Sanchez intended his shot for Horace Munger.

Eckles was married five months ago to Miss Edith Waterman, daughter of Reuben Waterman of El Toro. His brother-in-law, Carl Waterman, was struck over the head with a beer bottle.

Within an hour after Eckles was shot Sheriff Jackson, Under Sheriff Iman and Deputies Fowler and Eells were directing a fruitless search for the murderer.

Loran E. Eckles, who was killed, was the son of H. T. Eckles of West Orange. He has worked on ranches at El Toro at times for the last three or four years. Two weeks ago he and his wife moved to El Toro, and Eckles was employed in L. F. Moulton's warehouse.

Saturday evening fifteen or twenty Americans of El Toro gathered for a charivari at the home of Mr. and Mrs. Floyd Olds, just married. After that celebration, a number of the younger men were sitting on the porch of A. A. Avery's store when it was proposed that they go to the dance and look on.

Not "Butting In"

The dances at El Toro are public affairs, to which all are invited. Sometimes they are given by Americans and sometimes by some of the Spanish people or Mexicans. El Toro has but few amusements and it is the custom for people to go into the dances and look on. It is the custom at the Mexican dances to charge twenty-five cents, fifty cents or a dollar for the dancing privilege, and anyone can buy a ticket.

Among those who went into the dance were Horace Munger, C. A. Brown, Carl Waterman, Loran Eckles, Emil Christen, Lee Plumber, the Powers brothers, Oscar Stewart, Vester Warner, Burt Stephenson, George Conaway, the section foreman, Arthur Ahern and Joe Deakins.

Those chiefly concerned in the events that followed were Munger, Waterman and Eckles.

About forty or forty-five Spanish-speaking people were present. Joe Yorba of Santa Ana, who has been at work in an apricot camp, was floor manager. It seems that some time ago when Horace Munger was floor manager at a dance he put Yorba out. That may have had something to do with resentment shown by Yorba when Munger began to dance Saturday night. Yorba made an unsuccessful attempt to get back in.

GIVES DESCRIPTION OF MEXICAN GUNMAN

Here is the description given by Sheriff Jackson of Jose Sanchez, wanted for the murder of Loran Eckles at El Toro Saturday night:
"Jose Sanchez (Mexican), age 20-25 years; height 5 feet 6 in.; weight 150 pounds; build medium; hair black; dark brown eyes; complexion light for a Mexican; scar caused by scrofula across throat.
"Was wearing when he left, a blue serge suit and a Panama hat."
"The scar on the throat is noticeable."
"Sanchez is said to have come to El Toro from Mexico last January. He has been living with his mother and a brother. Mexicans say that he served for a time in Villa's army and was proud of his exploits with a gun. A few days ago at El Toro he showed one of the younger boys there his revolver."

BULLETIN

BLAST WRECKS N. Y. DOCK
NEW YORK, July 23.—A terrific explosion under Pier 63 today partially wrecked the dock and set fire to it. Several were injured. At the same time a dozen gas main manholes in that vicinity were blown up. Authorities are investigating.

DRIVES WIFE TO ROOF'S TOP AT GUN POINT

Blacksmith, Arrested, Enters Not Guilty Plea to Peace Disturbance Charge

With revolver in hand, threatening his stepson, Ivan Baxter, and driving his wife on the roof of their residence, Frank Thompson at 7 o'clock yesterday evening was taken into custody by city officers and lodged in jail. This morning he pleaded not guilty to a charge of disturbing the peace preferred by Officer Carter and his trial was set for July 31. Thompson runs a blacksmith shop on East Fourth.

Baxter hurried up town and told Officer Carter of the actions of his stepfather, and Officers Carter, Joe Ryan and Boynton rushed to the residence at 1017 East Chestnut in an automobile.

They were told that he had been parading through the neighborhood with his gun and had discharged it several times. Four empty shells were found in the weapon. One of the neighbors saw Thompson go into an alley and the officers spread out, two going through the alley and two around the front way. Tracing Thompson to his home, the officers went into the residence through a back door and found the man in one of the back rooms. His revolver was in his pocket and they took this away from him. He did not offer to use the gun on the officers or try to resist arrest.

Mrs. Thompson was on the roof of the house when the officers arrived. She had gone there in an effort to hide from her husband.

Thompson told the officers that his stepson had drawn a knife on him during a quarrel and that he got the gun to protect himself.

FEDERAL SEAMEN'S ACT CHANGES SOUGHT

SAN FRANCISCO, July 23.—Alterations in the federal seamen's act to facilitate securing full crews for American vessels were considered at today's meeting of the Pacific maritime and shipping committee. Recommendations are to be made to the national conference of shipping men to be held at Washington as follows:

Abrogation of the requirement that a certain percentage of deck hands by American citizens and permitting employment of citizens of friendly nations.

Making requirements as to number of officers the same as in Great Britain.

Waiver of requirements that a specified number of a ship's crew qualify physically as lifeboat men.

6 BOYS IN ONE FAMILY ARE CALLED BY DRAFT

REDDING, Cal., July 23.—Francis Hopkier and his wife of Millville are the parents of six husky boys, and the indications are that September 5 will see them all in the service of Uncle Sam.
One volunteered and is in the army. The draft on Friday called four more. Now the sixth has applied for enlistment in the California field artillery.

British Wreck 40 Enemy Airplanes During 1 Day

LONDON, July 23.—Forty German airplanes were brought down in one day's activities on the British front as a result of a German attempt to learn Field Marshal Haig's preparations for his "next stroke," it was today announced.

The British superiority in the air has blinded the Germans. Desperate efforts to "see" the British operations are reported everywhere to be without success.

3 ARE BELIEVED DEAD IN HUGE FOREST FIRES IN SONOMA

Hundreds Are Succeeding In Getting Flames Under Control, Is Report

SANTA ROSA, July 23.—Three are missing and one believed dead as the result of fires burning through Sonoma county forests since Friday. The fires are now almost under control. Those believed dead are in the Guerneville district. An old man and his son in a lonely cabin in the path of the flames and a fire-fighter compose the supposed fatalities.

SAN FRANCISCO, July 23.—Forest fires in two directions from San Francisco are sweeping away enormously valuable timber and threatening summer homes, mills and business plants in half a dozen different places according to telephone advices received here early today.

To the north, in Sonoma county, summer resorts near Santa Rosa, Healdsburg, Guerneville and other points were reported in serious danger. The fire zone has extended during the past 24 hours until the flames are sweeping along a front of more than ten miles. The flames in this section which were believed to have been brought under control Sunday morning, sprang into new life Sunday evening when a stiff southeast wind came up.

Advices from the actual zone this morning were meager but they showed the several hundred fire fighters called into action had been fighting a desperate battle all night. Guerneville reported that the fire had reached to within a mile of the Armstrong Redwoods, a valuable forest, and was menacing the settlement of Rio Nido. The quick silver mines in Sonoma county have been closed and the workmen are out fighting the flames. No estimate of the property damage done has been obtained.

South of here, valuable timber in San Mateo, Santa Clara and Santa Cruz counties is in danger, and it is feared that if the wind continues to rise the flames will reach the proportions of the fire of a month ago when the Big Basin Redwoods were threatened. Reports that the Coast Counties Gas and Electric company plant had been destroyed have not been confirmed. If the report should prove true the high power wires, furnishing power to several cities in the valley would be shut off.

Danger of new fires is great, as vegetation in this section is very dry.

MRS. MOONEY'S FATE IN HANDS OF JURY

SAN FRANCISCO, July 23.—The Mooney bomb plot case went to the jury this afternoon. Immediately on retiring the jurors took one ballot, without agreement, and then went to lunch.

SAN FRANCISCO, July 23.—Before another day dawns, Mrs. Rena Mooney, charged with complicity in the preparedness parade explosion, expects to know her fate.

After three weeks of testimony, Deputy District Attorney Ferrardi today made his closing argument and Judge Emmett Beawell followed with his instructions. By noon, it was expected the case would be in the hands of the jury.

The district attorney has asked for a verdict of guilty and the death penalty, holding that is the way the preparedness parade bomb murders should be avenged, not only as a punishment for the crime, but as a lesson to all "radicals." The defense has ridiculed the state's case and demanded acquittal on the grounds of an alibi.

The upper chamber took occasion again to thank the French armies and those of France's allies and specifically the government's declaration of its plans for general conduct of the war. Hope was expressed that all propaganda against the discipline and security of the nation had stopped.

Prior to the vote former Premier Clemenceau was vigorously cheered when he bitterly assailed pacifists.

Premier Ribot today announced his appreciation of the vote of confidence. "I will now be able to govern with a stronger hand," he asserted. "I rejoice in the Senate's support."

FIRST CALL FOR DRAFTED WILL COME EARLY NEXT WEEK

Boards Will Tighten Up On Exemptions; Dependency Claims Must Be Proved

BY WEBB MILLER
(United Press Staff Correspondent)
WASHINGTON, July 23.—Adjutant General McCain today ordered recruiting officers to refuse to enlist drafted men for any branch of the service after they are summoned for physical examination by local exemption telegraphic orders were sent to every recruiting officer in the country.

This means that men on the top of the "master list" have only a few days to volunteer in the branch of service in which they wish to serve.

The moment the names of men called for examination are posted on local boards they are shut off automatically from volunteering.

Following is the telegram sent to recruiting officers:

"After a registered person has been called for military service by his local board and has been directed to appear for physical examination, he ceases to be eligible for voluntary enlistment—McCain."

The proofs of the "master list" went to the printing office today. Before nightfall, General Crowder expects to mail the first lists to the coast states. Some delay was forced by finding several duplicate numbers which had to be corrected.

The "master lists" consist of ten sheets containing one thousand numbers each and one sheet containing five hundred numbers in the exact order they were drawn from the office globe.

General Crowder's office force was hit hard by the draft. His personal stenographer was among the first and many of the expert accountants were near the top.

BY WEBB MILLER
(United Press Staff Correspondent)
WASHINGTON, July 23.—The first call for drafted men to answer for physical tests will come early next week.

General Crowder and his aides had practically checked up all the draft tally sheets today; the government printing office had turned out thousands of the first sheets and expected to have the remainder for mailing tonight.

These sheets will be sent to all the 4,558 districts. There, the boards will check off numbers not applying to their districts and will proceed to fix the lists for calling 200 per cent of the first quota.

Men called on the first draft will be notified by mail but the responsibility of knowing the order of the call lies upon the man; hence officials advise that each man check himself up in his own district. Inasmuch as it will take four or five days to reach the farthest district, it is doubtful if the last of the checking can be accomplished before early next week. However the first call is tentatively fixed for that time.

Boards will tighten up on exemptions. Men who claim to have dependant relatives must prove the dependency; their relatives must certify the man's situation.

In Washington there will be hundreds of exemptions of men engaged in the government service. Already one room in the state war and navy building is filled with certificates of bureau chiefs for their subordinates. These chiefs have been informed, however, they must not claim exemption for a man unless he is vitally needed in the conduct of the war business.

ROMANCE NIPPED WHEN MOTHER ARRESTS GIRL

VAN NUYS, Cal., July 23.—A mother preferred a prison cell for her pretty young daughter instead of a honeymoon bungalow. The net result was the arrest early today of Edith Sherier, 18, upon order of Mrs. Sherier. As the story was told to the police it is a case of a wooing and parental disapproval, of a young man and a persistent lover, with final plans for an elopement nipped in the bud. When Alfred Butler, a young farmer, followed Edith here Mrs. Sherier had her arrested "for safe keeping."

KAISER FORCED INTO 'NO SPOILS' POLICY

WASHINGTON, July 23.—The reichstag majority parties have forced the German government to declare a renunciation of annexations and indemnities, says the Dutch newspaper Nieuwe Courant, according to dispatches received at the state department.

Scores Wounded In Petrograd Rioting; Kronstadt Isolated

PETROGRAD, July 23.—Russia's army on the southwest front is "in a state of complete disorganization," with mutinous soldiers threatening to shoot those who oppose them and long lines of deserters straggling to the rear. The morale of the fighters is gone.

It was this grave message from the southwest front that sent Premier M. Kerensky rushing there to attempt a reorganization.

By a vote of 252 to 37 the workmen's and soldiers' congress today granted "unlimited power" to the provisional government to establish discipline in the army and take steps against counter revolution and anarchy.

PETROGRAD, July 23.—Three occupants of an automobile, a sailor, soldier and a civilian, were lynched in the street after they had fired shots into a group of officers and soldiers on the steps of the palace today. A score were wounded by the shots.

Disarming of the so-called "red guards" continued today. Some machine guns and 1200 rifles have already been taken from them. Admiral Verederfsky, commanding the Baltic fleet, was arrested on a charge of communicating a secret government telegram to a committee of his sailors.

PETROGRAD, July 22 (Delayed)—via London, July 23.—Rioting in Petrograd has spent itself out in small sporadic demonstrations. The last street clash reported was early Saturday morning in the neighborhood of the bourse. There, anarchists turned machine guns at newly arriving troops.

A favorite spy hunt was on today. Evidence was obtained showing that Madame Bumenson, identified as one of the principal German agents in Russia, had an account of one million rubles (about \$500,000) recently replenished with one million marks (\$250,000) weekly.

Crown Prince's Craonne Blows Again Shattered

PARIS, July 23.—Extremely violent attacks were again launched by the Germans against the French lines about Craonne last night.

The war office today announced that the enemy penetrated French first line positions on Craonne plateau. Later they were driven out by strong counter attacks, except from positions held on a small portion of Craonne plateau.

The fighting lasted until late in the night, the official statement said. The Germans returned to the attack after being driven from the trenches first captured, but were unable to dislodge the French forces.

The plateau of Craonne was violently bombarded and attacked all evening," the statement said. "The casemates were subjected to renewed desperate German assaults which penetrated the French first line. They were immediately thrown back nearly everywhere."

"The combat raged until late at night. The Germans, despite furious onslaughts, were unable to dislodge the French and all attacks on our communication trenches were fruitless."

U-Boat Peril Also Worrying American Leaders In Washington

WASHINGTON, July 23.—

That the time will not come to talk peace in the great war "until Germany is out of Belgium and France" was the declaration of senators this afternoon during a heated debate on the speech of Chancellor Michaelis. Senator Lewis believes that the principal terms of peace should be the restoration of French territory, the restoration of Belgium and freedom of the seas.

WASHINGTON, July 23.—The establishment of a five-mile dry zone around all military camps was today ordered by President Wilson. At the same time the President, under authority of congress, prohibited the keeping of "houses of ill fame, brothels, or bawdy houses" within five miles of any military camp, station, fort, post, cantonment, training or mobilization place. The prohibition of the sale of liquor will not apply to any part of an incorporated "wet city or town" distant more than a half mile from the said camp, the President's order stated.

BY CARL D. GROAT
(United Press Staff Correspondent)

WASHINGTON, July 23.—While the Russian situation again presents a gloomy outlook, America this week is finally getting down to the heart of her war business. Conditions in Russia have emphasized the necessity for greater speed in war preparations here. The food and aviation bills go on the statute lists this week, according to present plans.

Plans for calling up drafted men for examination are nearly completed.

A second group of national guardsmen will be ordered out Wednesday for training.

Differences over ship construction, in the Denman-Gothals row, will be settled by President Wilson.

Congress is clearing the way for revenue measures.

Red Tape Delays
There is still much tangling of red tape, delay, haggling and much grabbing after the war dollar. But more rapid progress from now on was officially predicted.

The Russian situation is far from encouraging though authorities here are staking much on the ability of Premier Kerensky to save Russia from military impotence and internal chaos.

One point of delay in America's program lies in the national guard system. Many of the units called out will not see camps for weeks yet, due to delay in construction work, caused, army men charge, by political interference with camp selection plans.

Over and above all other considerations, however, stands the U-boat peril. It worries officials. It puts an "if" in every plan for troop or supply shipments. It even puts a question mark on the ultimate outcome of the struggle, many officials admit.

May Smash Teuton Bases
Hence, this must be overcome. Either American inventive genius must succeed in its present endeavors; there must be more defense ships; or, many officials urge, there must be an enormous air, sea and land attack against Germany's naval bases—a plugging up of the ratholes.

With the aviation bill all but signed, there is prospect that such an attack can be launched later.

NEXT STEP FOR THOSE DRAFTED SET FORTH BY CROWDER

Watch Lists to See When You Are Called Before Board For Examination

Now that the drawing for the great first army of 687,000 has been accomplished, the next step will be for those whose names have been called to present themselves to their local boards for examination. The official record will be in the hands of these boards about Thursday of this week, with full instructions as to the exact number to be called from each exemption district. Just as soon as these official lists reach the boards they will at once notify the men whose names have been called to appear for examination.

In the meantime the names and numbers will have been posted at each exemption district headquarters, but while the boards will notify each man called by mail, the law requires that he personally inspect the lists published and posted as failure on the part of the notice sent out by the board to reach him will not excuse him from appearing.

Watch the lists at the office of your board and see when you are called for examination.

The immediate foregoing is the substance of the first five articles of a set of instructions just issued by Provost Marshal General Crowder to registered men. It continues as follows—every drafted man should cut it out and preserve:

VI. Physical Examination

You must report for physical examination on the day named in your call.

(a) If you are found physically disqualified the board will give you a certificate which will explain to you what your further duties are.

(b) If you are found physically qualified and file a claim for exemption within seven days after your call you will be given ten days after filing your claim of exemption to file proof in support of your claim of exemption. See (VII) below.

(c) If you are found physically qualified and file no claim for exemption, or if you do not appear for physical examination, your name will be posted to the district board as one who was called for military service and was not exempted or discharged. On the eighth day after call, or within two days thereafter, copies of the list of persons so posted to the district boards will be given to the press with a request for publication, will be posted in a place at the office of the local board accessible to the public view, and notice will be mailed to you at the address on your registration card.

Therefore watch the notices posted in the office of the board about ten days after the day you were called and make arrangements for the prompt receipt of mail.

VII. Seven Days to File Claims of Exemption or Discharge

(Except for industrial or agricultural reasons.) NOTE.

(a) No claim of discharge on account of the industry in which you are engaged can be decided by a local board. (See Par. XV below.)

(b) Whether you file a claim of exemption or not, you must present yourself for physical examination on the day named in the notice.

From the day notice that you are called is mailed and posted you have seven days in which you may file a claim of exemption or discharge. The form for filing this claim is simple. If you wish to file such a claim—

(a) Go to the board and get Form 110 for exemption or Form 151 for discharge. If the board has not the print-

ed forms ask to consult the form pamphlet and copy the form shown there.

(b) Fill out the proper form and file it with the board.

(c) Do this within seven days of the posting and mailing of notice to you to present yourself.

The following are the only grounds for exemption:

(1) That you are an officer, legislative, executive, or judicial, of the United States, a state or territory, or the District of Columbia.

(2) That you are a regular or duly ordained minister of religion.

(3) That you were on May 18, 1917, a student preparing for the ministry in any recognized theological or divinity school.

(4) That you are in the military or naval service of the United States.

(5) That you are a subject of Germany, whether you have taken out papers or not.

(6) That you are a resident alien who has not taken out first papers.

In addition to claims for exemption claims for discharge may be made on any of the following grounds, which are the only grounds for discharge by a local board.

XIII. Proving Your Appeal

You have five days after the district board receives your notice that you have filed a claim of appeal in which to file evidence additional to that filed by you in the local board, but all such evidence must consist of affidavits.

XIV. Decisions on Appeal

The decision on your appeal must be made within five days of the closing of proof, and you will be notified by mail of the action of the board on your appeal.

(1) That you are a county or municipal officer.

(2) That you are a custom house clerk.

(3) That you are employed by the United States in the transmission of mails.

(4) That you are an artificer or workman employed in an armory, arsenal, or navy yard of the United States.

(5) That you are employed in the service of the United States (under certain conditions). See Par. (c) of Sec. 20, Regulations.

(6) That you are a licensed pilot regularly employed in the pursuit of your vocation.

(7) That you are a mariner actually employed in the sea service of any citizen or merchant within the United States.

(8) That you are a married man with a wife or child dependent on you for support.

(9) That you have a widowed mother dependent on your labor for support.

(10) That you have aged or infirm parents dependent upon your labor for support.

(11) That you are the father of a motherless child under 16 dependent upon your labor for support.

(12) That you are a brother of an orphan child or children under 16 dependent upon your labor for support.

(13) That you are a member of any well-recognized religious sect or organization, organized and existing May 18, 1917, and whose then existing creed or principles forbade its members to participate in war in any form against war or participation therein in accordance with the creed or principles of said religious organization.

These are the only grounds for exemption or discharge by a local board.

Another person can file a claim in your behalf, but must use different forms in filing the claim.

VIII. Ten Days After Filing Claim File Proof

Your claim of exemption or discharge must be filed within seven days of the day on which notice to you was posted and mailed. But after you have filed your claim for exemption or discharge you have ten days within which to file proof.

The method of proving claims is very simple but it is rather exact. If you follow the rules given below you will have done what is required of you.

First. Go to the local board and consult the regulations to find out the form number of the affidavits that you must submit for your particular claim.

Second. Ask the board for the blank affidavits that are necessary in presenting your proof; if the board has not the forms, ask to consult the pamphlet of forms.

Third. Have the affidavits properly accomplished and return them to the board within the time limit assigned you—ten days from the filing of your claim.

Remember:

(a) You must submit your proof in the prescribed form and the board has no authority to exempt or discharge you unless you submit ALL the affidavits required by regulations.

(b) There will be no argument before the board and no proof other than the prescribed affidavits unless the board calls for other proof which it will do in only a limited number of cases.

IX. When Claims Are Decided

Every claim for discharge or exemption will be decided by the local board within three days after your affidavits have been filed.

X. Certificate of Exemption or Discharge

If your claim is allowed a certificate of exemption or discharge will be issued to you.

Remember:

(a) This certificate may be recalled at any time.

(b) If it is temporary or conditional it becomes of no effect when the time or the condition named are fulfilled.

(c) You have been drawn for military service and when the condition that has postponed your posting to the colors ceases you may be recalled at any time.

(d) Remember that your case may still be appealed to the district board by the government and on this appeal your certificate may be withdrawn at once. When so withdrawn you stand precisely as though you had been selected for military service by the local board.

XI. Adverse Decisions on Claim

If your claim is disallowed by the local board your name will be certified and sent by the local board to the district board as one who has been called for military service and not exempted or discharged. Within two days thereafter, if practicable, a list of those so certified to the district board will be given to the press with a request for publication, will be posted in the offices of the local board ac-

cessible to the public view, and notice will be mailed to the address on your registration card.

Therefore, if you have filed a claim for exemption and proof in support thereof, watch the notices in the office of the local board beginning about five days after you have filed your proof to see what disposition was made of your case and make arrangements for the prompt receipt of mail.

XII. How to Claim Appeals to District Boards

Claims of appeal may be made by a person within ten days after the day when notice has been posted and mailed that such person's name has been certified to the district board as one who has been called for service and not exempted or discharged.

Therefore if you desire to appeal—

(1) Go to the local board and get or copy Form 153 or 154 for filing your claim or appeal.

(2) Get or copy also Form 151 or 152 for notifying the district board of appeal.

(3) File your claim of appeal (153 or 154) with the local board.

(4) Send your notice of appeal (Form 151 or 152) to the district board.

(5) Do this within ten days from the day when notice that your name was certified to the district board was posted and mailed.

Remember:

(1) You can only appeal the final order of the board exempting or discharging you. You can not appeal other orders or action of the local board.

XV. Claims for Discharge on Industrial Grounds

Only the district board can receive claims for discharge on the ground that you are engaged in industry, including agriculture found to be necessary to the maintenance of the military establishment, the effective operation of the military forces, or the maintenance of national interest during the emergency.

Such claims must be filed with the district board on or before the fifth day after the mailing and posting of notice that you have been certified by the local board as one who has been called for service and not exempted or discharged.

If you desire to file such a claim:

(1) Get or copy at the local or district board Form 161 or 161a.

(2) Fill the form out properly.

(3) File it with the district board within five days after the mailing and posting of notice that your name has been certified from the local board to the district board.

See Sec. 44, Regulations.

XVI. Proof in Support of Industrial Claim

Only affidavits can be used in filing proof before the district board of a claim for exemption on industrial grounds. All such affidavits must be filed within five days after the filing of the claim.

XVII. Decision of District Board on Industrial Claim

Within five days after the closing of proof in any industrial claim the district board must decide the claim.

If the decision of the district board is in favor of the claim the board will issue a certificate of discharge. If the decision is against the claim the district boards will so notify you.

Remember that you have been called for military service and that the certificate of the district board is only conditional on your remaining in the kind of industrial service on account of which you were discharged. No such exemption shall continue when a cause therefore no longer exists and your certificate of discharge may be withdrawn or modified by the district board at any time that the district board shall determine that the circumstances require it.

XVIII. Appeals or Industrial Claim to the President

Only decisions of district boards on industrial claims for discharge can be appealed.

If you desire to appeal the decision of the district boards to the President, you may do so within seven days of the date of mailing to you of the decision of the district board. To perfect your appeal—

(1) Get or copy from the district or local board Form 163.

(2) Fill out the form and file it with the district board.

(3) Do this within seven days after the mailing of notice to you of the decision of the district board in your case.

XIX. How You Will Be Notified That You Have Been Selected for Military Service

As soon as your case is finally disposed of, the adjutant-general of your state will notify you by mail that you have been selected for military service.

Your local boards will post a list of all persons selected for military service in a place at the office of the local boards accessible to public view. The local board will also give lists of persons selected for military service to the press with requests for publication.

XX

Notice that you have been selected for military service will not necessarily order you into service.

The notice to report for military service will come when the government is ready to receive you.

E. H. CROWDER,
Provost-Marshal-General.

WASHINGTON, July 23.—Capt. J. B. White of Kansas City, today resigned as a member of the United States Shipping board. White constituted the odd man on the board, which gave Chairman Denman the balance of power in the meetings covering the Denman-Goethals row.

In appointing White's successor, President Wilson will have the opportunity of bringing to a head action on the building program. White has been

lined up with Denman and Theodore Brent with the board majority, while John A. Donald and R. E. Stevens have espoused Goethals' cause.

Reports that Donald had also resigned were denied by him today.

A score of ship builders, waiting for the Denman-Goethals row to clear so they can go to work, are here today to discuss contracts for America's merchantmarine.

Simultaneously, it developed that since Goethals wrote the president of the Denman-Goethals row to clear so they can go to work, are here today to discuss contracts for America's merchantmarine.

President Wilson returned from his week-end cruise today prepared to step into the breach and bring order. Probably he will seek a basis of understanding that will permit each man to go ahead with his work without interference.

COAST AD MEN MEET IN OAKLAND CONCLAVE

OAKLAND, July 23.—Five hundred

advertising men and sales managers from the Pacific coast got down to business today at the annual convention of the Pacific Coast Advertising Men's association.

The convention opened Sunday. Hon. J. J. Dunn, former justice of the Oklahoma supreme court, and Jos. R. Knowland, Oakland publisher, were the chief speakers.

"Unless a man can tell the world what he has his business is purely local," Dunn declared. He went on to point out the evolution of advertising to a point where today truth has taken the place of sensation as its fundamental element.

Knowland dwelt upon the value of being able to spread a message of the nation in an hour's time, in the present war crisis and called attention to the value advertising had been to the liberty loan and Red Cross campaigns.

sion of publicity and its relation to business success as well as from its technical aspects, and plenty of entertainment make up the program for the fourteenth annual convention of the Pacific Coast Advertising Men's Association which opened here today.

A display of attractive advertising, showing a wide variance of ideas and with every imaginable line of business endeavor represented, makes up the "Mile of Advertising" exhibit which is one of the features of the convention.

Advertising men and men who have won success in various lines of business, from all sections of the Pacific Coast are in attendance, exchanging their ideas.

MAN'S \$360 ROLL IS NICKED IN ANGEL CITY

LOS ANGELES, July 23.—Edwin Morris of Owensmouth admits now that he came into town with "hay on his shoulder." While he stopped with a friend to see and hear what looked like a real argument, some nimble fingered "city slicker" nicked him for his roll—\$360.

BOY, 19, SAVES LIVES OF 5 FROM DROWNING

RIO VISTA, Cal., July 23.—The name of 19-year-old Lester Frates of Rio Vista was entered for a Carnegie hero medal today.

An automobile with five occupants, including Mrs. Cooper, sister-in-law of Earl Cooper, racing driver and her ten months old baby, overturned Sunday on the bank of the Sacramento river pinning all five passengers beneath it in the water.

Young Frates, swimming nearby, rushed to the scene and single handed righted the automobile, dived to the river bottom and came up with the child. Then, one by one, he brought ashore the others. All will recover.

NO PASSPORTS NEEDED TO GO INTO CANADA

FINDS CHICKENS
IN SACKS AND
TWO THIEVES
IN BUGGYTwo Los Angeles Mexicans
Arrested For Raid On Ful-
lerton Ranchers

An aged horse hitched to an aged wagon going along a country road near Artesia at 4 o'clock Saturday morning did not look good to an Artesia constable. He stopped the outfit, found six sacks of chickens in the wagon, and decided that he would not go amiss if he arrested the two Mexicans who protested that the chickens were theirs.

The Mexicans gave their names as Joe De Leon and Perfecto Trojia. They live in Los Angeles, where officers know one of them to be an old offender.

So far as Sheriff Jackson has been able to learn, three places were raided by the thieves. From L. A. Fordham on Commonwealth avenue at Fullerton nineteen chickens were stolen, and fourteen were still alive in the sacks; from Mrs. W. R. Ritchie, seventeen were stolen and fifteen were recovered alive; from M. Durbaugh, twenty-five were stolen and fourteen recovered alive. Most of the chickens had been killed when caught. Petty larceny warrants were issued here.

Ruston Arrested
Joe Fargon, who was given parole Friday after serving five months on a charge of assault with a deadly weapon, returned today with George Ruston, charged with embezzling money from Fargon's restaurant at Fullerton. Ruston pleaded not guilty and his trial was set for Aug. 2.

BRAKES FAILED, AUTO
BUMPS STREET CAR

Failure of brakes on his automobile to work came near proving disastrous for Deputy City Health Officer J. P. Spaulding this morning. His machine collided with a P. E. car at the corner of Fourth and Birch streets about 10 o'clock.

Spaulding was approaching the intersection on Birch and when he attempted to apply his brakes to let a Pacific Electric car go by the brakes failed to work.

The front steps of the street car were damaged. One of the fenders of the machine was bent, the tool box on the running board damaged and the rear axle sprung. Spaulding was not hurt.

Made Her Well.

Lima, Ohio.—"I was all broken down in health from a displacement. One of my lady friends came to see me and she advised me to commence taking Lydia E. Pinkham's Vegetable Compound and to use Lydia E. Pinkham's Sanative Wash. I began taking your remedies and took \$5.00 worth and in two months was a well woman after three doctors said I never would stand up straight again. I was a midwife for seven years and I recommended the Vegetable Compound to every woman to take before birth and afterwards, and they all got along so nicely that it surely is a godsend to suffering women. If women wish to write to me I will be delighted to answer them."

ful effort to throw Munger out of the dance. A slight mix-up occurred, and the dance went on as usual, with Munger still dancing. This was probably three-quarters of an hour before the shooting.

Munger Is Warned
That there was trouble brewing with Munger as the object was indicated a short time before the shooting, when an El Toro Californian sent word to Munger to be careful and not to go outside of the building alone.

It was with this warning fresh in mind that Munger went outside about 11:30 o'clock. Just before that time a number of the Americans, including Conaway and Stephenson, had left the place to go home.

About 11:30 one of the Mexicans told Munger that he was wanted outside. On statement is that Sanchez told Munger that if he wanted to fight to come outside. Munger asked Waterman and Eckles to go with him. They went out of the rear door of the dance hall, and down the narrow steps. Out there a melee started. Several Mexicans engaged in the fracas. Some were armed with beer bottles apparently ready for the occasion. It was quite dark.

Fight Is Started
The cry of "fight" brought Americans to the door, and Mexicans from the rear shoved them down the steps, all anxious to get outside to see what was going on.

Several of the Mexicans were in the fracas. In the darkness it was impossible to see what was going on clearly. The testimony of witnesses at the inquest indicated, however, that in the use of fists Eckles was one of those engaged. Carl Waterman was hit over the head with a beer bottle and received a scalp wound.

The fighting had quieted down somewhat before the shooting occurred.

Donnie Rios, a boy, by whose father Sanchez was employed, saw Sanchez draw a revolver.

"Better put that up," said the boy. "Nothing doing," said Sanchez. "I am going to use it." He started toward the crowd.

Two shots were fired. Evidently these shots were into the air. In the darkness, came quietness.

Thinking that the trouble was all over with several of those who had been seizing beer bottles and taking them away from Mexicans started to go home.

"It is all over with," said someone.

The Fatal Shot
Two stories are told of what occurred directly afterward. One was that Eckles had retired and was fifty or sixty feet away with Oscar Stewart when Sanchez walked up to them and when five or six feet away without warning fired a shot, and as Eckles fell said, with an oath:

"There is one man who will never fight any more cholos."

Another story is to the effect that Eckles, who had been involved in the first fighting, was at the time he was shot vigorously fighting a Mexican backing him up with blows, when Sanchez fired.

Sanchez turned and ran. Those few who actually saw the firing of the shot hardly had time to realize that someone had really been shot before Sanchez was speeding across the vacant ground toward Avery's barn. When realization did come several ran after the man, some going as far as the barn. By that time Sanchez was out of sight.

Officers Called
The telephone was used at once to notify Sheriff Jackson and to call Santa Ana physician, Eckles was shot through the temple. He died within a short time after he was shot.

The officer organized a search of apricot camps and Mexicans' houses. Avery's barn was gone through. No trace of the Mexican was found.

Yesterday the motorcycle corps recently organized as a home guard was called upon. Ranchers volunteered in the search. About eighty armed men went through the big eucalyptus grove and in some of the draws and gulches around El Toro and satisfied themselves that the man was not there.

Yesterday evening Sheriff Jackson notified the Mexicans in the camp not to leave the camps during the night. Officers were stationed at various places in the hope of finding the man should he leave his hiding place.

Eckles has lived at West Orange for years, and was known as industrious. He was well liked at El Toro, where he and his father and brothers have worked on various ranches. The father's home is on a ranch beside the S. P. tracks at West Orange a quarter of a mile south of Chapman street. His brother, Charles Eckles, is foreman of Barney Clineard's ranch on East Chestnut avenue.

"My Country 'Tis of Thee, Sweet Land of Liberty."

INDICATES DISCOURAGEMENT
One sure thing about all this political unrest in Germany is that the Germans would not be demanding suffrage reforms and changes of ministry if they were winning. The events that have filled the news dispatches recently are signs of military discouragement.

Of course, the German nation is slowly waking up to a realization of its political impotence, its bondage to the Hohenzollerns and the autocratic military caste of which they are the head. But that bondage would still be tolerable if the plans of the Kaiser, Von Hindenburg, Von Tirpitz and Von Hindenburg were triumphing. Yearning for freedom and self-government would then be stilled, as of old, amid shouts of "Hock der Kaiser."

Von Hindenburg, the Invincible, has failed. He has not won a single victory worth recording since he assumed the supreme command. He has nothing notable to his credit except "victorious retreats."

The Von Tirpitz system of naval warfare, which reached its climax after its creator himself had been cast aside as a sop to the critics, has failed. And that failure has had a disastrous effect on the German morale. The nation was promised that by a "sink everything" policy England could be starved in three months. The Allies would then be forced to make a peace favorable to Germany. It is now more than five months, and U-boat successes in recent weeks have shown a steady diminution.

Whether because of the better means devised by the Allies to combat the menace, or because of the inability of Germany to turn out enough torpedoes, or both together, the fact is plain that sea frightfulness has failed of its purpose. It has won nothing for Germany but new enemies and greater handicaps.

It is Germany herself, instead of England, that is being starved. Hunger combines with the sense of defeat to turn the docile Teuton into a malcontent. Crops are appallingly bad in Germany, and the United States, the world's granary, is tightening the hunger belt around the Central Empires.

The German demand for domestic reform is a certain confession of lack of success.

A CHILDREN'S THEATER

Berkeley has a Children's Theater. Here the children study and produce real plays. Shakespearean scenes are said to be their favorites.

The Children's Theater was planned in the beginning as a means of furnishing some kind of entertainment for children which would not be crude or commonplace and which would be entirely within the children's grasp.

The children do not stop with memorizing lines. They work out interpretations of character. They study voice intonation, which is a mighty fine thing for American children with their tendency to raucous shouting.

It needn't be surprising that children enjoy Shakespeare. It is full of life and activity. They never play the disagreeable parts like Caliban. They love the fairy scenes from "Midsummer Night's Dream" and "The Tempest."

They are said to scorn "Alice in Wonderland," which seems rather a shame to the lover of that classic. But they have learned the fun of being "real people" and grappling with weightier problems than those of the little oysters in the "Walrus and the Carpenter."

Children always have loved to dramatize everything and everybody in their daily playing. They imitate the lives of grown-ups when they play house and store. They dramatize stories when they play robber and pirate. The Children's Theater is doing an excellent thing when it takes this natural tendency and uses it to train the children in character, judgment and correct use of voices. And they are developing ease and grace and a lack of self-consciousness that will be a life-long asset.

With Malice Toward None
By Henry James
Neutral Countries
Some of the pro-German organs in this country are shedding buckets of ink in expressing distress over the determination of this government to "make war on neutral countries."
One fact really worthy of consideration is that this government harbors no such intent. When a country is supplying Germany with food and munitions, it is not neutral.
Nor will war be made upon the countries guilty of this covert participation of the conflict. There is no idea of wounding them save in the pocketbook. They are welcome to all the food they need. The pleasure of barter with the enemy, resulting in a profit, is to be taken away, a deprivation to be resented only by the "neutral" traffickers and the friends of the German cause in this country.

Hillquit for Mayor
Morris Hillquit is mentioned for mayor of New York.
He has been mentioned also for other positions which he is far more likely to get.

Relative Values
A girl disappears from a city, the police is notified, and that often is the end of the matter.
Let an automobile vanish, however, and there is something doing.

The Little Fellow
Men five feet one inch in height and weighing 110 pounds are to be admitted to the army.
Why not? It is the sure eye and the ready trigger finger that are in demand, and a bullet from the rifle of a little fellow goes just as far as any other.

Gratitude
John D. Rockefeller declined to be interviewed concerning the war.
Occasionally the gentleman does do the public a real favor.

Reading Tables
The public is told of the translation of clay tablets at least 3,000 years old.
Translation of such a relic is a guess, and unhappily there is nobody competent to charge the scientists with having guessed wrong.

Why Kick
"We women are still the protected sex, especially in the United States," writes Alma Whitaker, a study of the context showing that she is grumbling about it.
So far as masculinity feels that the guardianship of Alma is any of its affair, it is all wrong, and should resign.

Ethics of the Mat
Recently a man was fined fifty dollars for having kicked a wrestler in the face.
He was guilty of misconduct, for he was not a participant, but a spectator. Only an opponent may kick a wrestler in the face and get away with it.

Olfactory Acuteness
Bill Hohenzollern not only seems to love to smell the battle from afar—conduct for which there is precedent—but to hold the record for distance.
The Kaiser is not afraid for himself, but when he thinks what might be the fate of Germany in case of his demise, he pockets his royal pride, and plays safe.

Plenty of Leisure
Emma Goldman says she will spend the next two years in writing, the court having granted her this period of retirement.
However, if the warden is even a fairly good censor, she is going to have her trouble for nothing.

Playing in Luck
A Philadelphia girl not only has procured a divorce from the heir of a brewery, which in itself was pretty good luck, but is to have \$27,000 a year alimony.
The ex-husband will feel this burden a little, it being somewhat above the sum he usually devotes to paying automobile fines and things like that.

Severe but Just
Two "boy" automobile bandits have been sent to prison for fifteen years. It was their practice first to steal a machine and then to use it for purposes of highway robbery.
If they think the dose a little severe, they might console themselves with the reflection that a few days earlier one of their sort was killed by a policeman, and that nobody felt inclined to make a fuss about the matter.

A Chance Overlooked
It is impossible not to reflect that the world caused itself a lot of trouble by the strange failure to hang Bill Haywood for the murder of Governor Steunenberg of Idaho.

SPORTS
By H. C. Hamilton

NEW YORK, July 21.—Before he died Les Darcy, the Australian pugilist, realized with all his heart every mistake he had made and longed for one more chance to do the proper thing in Australia.

The Sydney Argus, representing one of the best sports circulation in the island continent, declared recently that Snowy Baker, the Australian promoter, had received a letter from Darcy asking that steps be taken to make it comfortable for him if he should return. Darcy wanted to go back and enlist in the Australian army.

This was after things had been going so badly for Darcy in this country. His refusal to meet the best middleweights of this nation, his continual demands for huge purses having held him down at a time when he might have been blazing a path to new glory, had stopped him short. Feeling grieved over the unexpected turn in the reception given him, Darcy determined to go home.

Cast out of the minds of fight-lovers in the United States, he then discovered that Australia had no place for the man who fled just two days before a vote was taken on conscription of all its men. News of his turning against Tim Sullivan also reached Australia, and although Sullivan was in the same boat with Darcy, it helped him lose some of his friends who had stuck persistently by him.

Baker's failure to answer at once, or the usual delay in post service between Australia and this country, probably disheartened Darcy, for he shortly afterward enlisted in the United States aviation corps, another blow to his supporters in Australia.

Commenting on Darcy's death the Argus failed to lose any of its original bitterness against the man who had been upheld as the most glorious figure in Australia's sporting life, not even excepting the famous Anthony F. Wiling. Regret was expressed that Darcy had been unable to show the United States his prowess. That was the only regret expressed by this paper, save the publishing of a brief interview with Snowy Baker.

NEW YORK, July 23.—A good dash of fortune, scrambled in with the real ability that is evident is as much responsible as anything else in the success of John J. McGraw.

Touted a wonder as a baseball manager, it is doubtful if McGraw would be able to produce the same results that have characterized the efforts of several other big league managers if he didn't have the wealth of his backers to draw from, leaving him free to choose at will from among hundreds of ball players.

The cases of Eddie Roush and Dick Rudolph are perhaps the most predominant. Roush is near the top among National league batsmen. Rudolph is Boston's most effective pitcher and was one of the main reasons why the Braves were able to battle their way to a National league championship and a subsequent world's championship. Both these men once were Giants. Roush was kept mainly doing bench duty, while Rudolph scarcely got that far.

Milton Stock is another example; Fred Merkle is a fair idea of a ball player discarded as a has been, and who is doing great work. There are many others. McGraw has cast them aside to make room for men he thought would do better with the men making up his team. He has been successful in winning pennants and has to his credit one world's championship, but if he would gather the stars he has let slip from his grasp and form them into one team the chances are he would have a machine that would be able to crush the present galaxy of stars with which he is trying to fret his way to a pennant.

A little more than a year ago McGraw set out to gather in a surplus of stars with which he threatened to make a runaway race of the National league pennant. Among these was Hans Lobert. Lobert didn't even finish the season and is used now only as a pinch hitter. McGraw considers him finished, yet it is only a brief stretch of time since he went into a breach and won a game for the Giants by the brilliance of his fielding and hitting.

It is one thing to have money behind and still another to be able to build a championship team.
His Specialty
"Did I understand you to say that this gentleman is an impresario?"
"That's what he calls himself."
"Then he must know a great many grand opera stars."
"Oh, I dare say he has met a few in vaudeville. He directs a troupe of trained apes."

DON'T FUMIGATE TOO EARLY, IS WARNING
ORANGE, July 21.—A warning against fumigating too early for scale is sounded to citrus orchard owners by Elwood H. Paddock, horticultural inspector for this district. In an interview Paddock advised growers to avoid haste in the matter.
"Weather conditions have caused the scale to come slowly this year," said Mr. Paddock. "While the heat did not kill any great per cent of it, the scale just about to hatch was retarded to such an extent that there will be a very even hatch of all the scale. It would be advisable to wait with the fumigating and get it all at once. It should be possible a little later to get practically a one hundred per cent result."
"For black scale it would not be well to fumigate before August 1, as the very earliest date, and possibly not until the 15th or September 1st. If fumigating as early as August 1 the orchard should first be given a careful inspection. Sometimes it is all right to fumigate as early as July 20, but not this year."
Another reason against early fumigating, continued Mr. Paddock, "is the late development of fruit. The fruit at this stage might be burned by fumigation. My advice," he concluded, "is by all means to go slow."

CONTROLS DESTROYED, AIRMAN LANDS SAFELY
BY W. S. FORREST
(United Press Staff Correspondent)
PARIS, July 6.—(By Mail.)—One of the most remarkable feats in the history of aviation was performed by a French flyer working with the American Escadrille.
This aviator ran into a German shell at a high altitude. His control wires were completely cut away; his levers were useless. He was flying a wreck at thousands of feet above the ground. Keeping his head, he cleverly manipulated the speed shifts of his engine to allow his machine to fall slowly in a circling action. He landed in safety.
"Spads" now being used by the French airman are forced to land at a minimum speed of 110 to 120 per hour. It is for this reason especially that the aviator's stunt is regarded as one of the miracles of aviation.

Beyond His Means
"How much are your pies, mister?" asked diminutive Tommie, peering wistfully over the top of the counter.
"Ten cents apiece, little feller."
"Oh, I didn't want a piece; I wanted a whole one, but I only got a dime," and Tommie started to turn sorrowfully away.

SOLDIERS NAME TRENCH GUN AFTER FILM STAR

A unique honor has just been conferred on Louise Lovely, who supports Allen Holubar in the Butterfly picture, "The Reed Case." She is an Australian, and she was what the "Anzacs" call "tophole favorite" in her own country. A company of gunners from the Antipodes who are fighting on the Western front in France, have named their trench "the Louise Lovely Trench," and written to tell her about it.

The letter is a strange one. It is written on a piece of brown wrapping paper, and placed in a home-made envelope. It was signed by every man in the company, and told her that, in addition to naming the trench after her, they had called their howitzer "Louise."

"Yesterday we opened fire with 'Louise,' the letter went on to say, 'and bombarded the bally enemy with her for nineteen hours.'"
Miss Lovely is highly appreciative of the honor conferred upon her, and is making up a box to send to her gunners, which will contain a remembrance for each of the men whose signature is attached to the letter.

"I have never received anything which touched me so deeply," she said, showing the precious piece of wrapping paper. "To think that men in the stress of war should remember a girl from their own country, whom they had seen only on the screen!" "The Reed Case" will be shown at the Princess Tuesday.

The Assyrians are said to have been the first to introduce the heel for security and comfort in walking.

WALNUT GRADING DEVICE PATENT IS GRANTED

Fern S. Bishop and Homer L. Cole, well known building contractors and specialists in walnut packing house machinery, of Santa Ana, have been granted a patent for a walnut separating device.

The separator is operated on the vacuum principle and automatically separates light from heavy walnuts. Inasmuch as many light walnuts, in the process of grading, have much the same appearance of well filled walnuts, the task of separating them from

the latter has proved highly difficult heretofore and the Santa Anans' invention obviates this troublesome feature of walnut grading.

Bishop and Cole have been working on their invention for about two years. The perfected device has been installed in walnut packing houses at Fullerton, Santa Paula and Satco.

S. J. Jackson, president of the Orange County Tax Payers' League, has been granted a patent for a motor vehicle direction indicator.

MONEY FOUND ON DEAD SOLDIERS IS UNCLAIMED

LONDON, July 7 (by mail)—Over \$50,000, found on soldiers who have lost their lives in France, is waiting at the War Office to be claimed by the next-of-kin of the dead men. As the War Office is still asking for the next-of-kin of soldiers who died seven years ago leaving sums of money, it is not expected that much of the present fortune will ever be claimed. The amounts left by individuals vary from a shilling to several hundred pounds.

Pleased Santa Anans Return From Huntington Beach With Registration Record

A pleased party of Santa Anans representing the Santa Ana Epworth League, returned last evening from Huntington Beach on the Santa Ana Epworth League special bringing with them the record registration for week of the Epworth League Institute. Sixty-four were registered, and until Friday the competition with Hollywood was very keen, but on that day the Santa Anans ran away from their rivals.

Some fine pictures were taken during the week and will be highly treasured by those participating in remembrance of one of the most successful and uplifting of institutes.

Yesterday afternoon at impressive consecration services, eighty young people dedicated their lives to the service of Christ.

Among the visitors noted yesterday were: P. L. Briney and family, C. M. Haderman and family of Tustin, Mr. and Mrs. H. T. Trueblood, Miss Virginia Johnston, Mr. and Mrs. Jesse Rose, W. D. Baker and family, Rev. Edward Lee, John Michelson and family, Dr. and Mrs. Charles Doty, B. H. Sharpless and family and Dr. F. G. Watson and family.

A Quiet Wedding
Mr. and Mrs. F. G. Fuller of East Seventh street, Tustin, announce the marriage of their daughter, Grace L. Fuller, to George Vandenberg of Los Angeles, July 22nd.

The wedding took place at the bride's home, Rev. Lloyd Darsie officiating. Only immediate relatives were present.

After a short motor trip north, Mr. and Mrs. Vandenberg will make their home in Los Angeles.

Mrs. Vandenberg will be remembered as a 1907 graduate of the Santa Ana high school and a 1909 graduate of the Los Angeles State normal school.

Lady Cantons Elect
At a very pleasant meeting held last Friday afternoon, the Lady Cantons elected the following officers: President, Mrs. Hattie Peters; vice-president, Mrs. India Cozad; recording secretary, Mrs. Flora Pyle; financial secretary, Mrs. Mary Cooper; treasurer, Mrs. Eliza Adams.

Mrs. Crawford, retiring president, and Mrs. Peters, the incoming president, served a delicious collation of fruit salad, wafers, iced tea, apricot ice, cake and salted peanuts. The tables were handsomely decorated with purple and gold, the Canton colors.

BIRTHDAY DINNER

Mr. and Mrs. C. P. Boyer Are Hosts at Celebration For Henry G. Nau

Mr. and Mrs. C. P. Boyer of Tustin were hosts at a pleasant family dinner on Saturday at seven o'clock, honoring the birthday anniversary of Mrs. Boyer's brother, Henry G. Nau of San Bernardino.

The table was attractively decorated with pink and white carnations artistically arranged in a flower bowl, the hand-painted place cards adding to the pretty scene. A white cake holding the required number of candles, was admired and Mr. Nau extinguished the tapers.

The evening was enjoyably passed with music and jolly chat, the following being those present: Mr. and Mrs. Henry G. Nau of San Bernardino, Mr. and Mrs. S. W. Nau, Dr. and Mrs. Harry Zaiser, Mr. and Mrs. A. F. Zaiser, Verne Smith and Miss Converse Nau.

Summer Picnic

The South Dakota State society will have a summer picnic at Sycamore Grove, Saturday, July 28. Lunch at 1 p. m. Games for young and old, with appropriate prizes.

Flag races will be a feature and each contestant must be able to repeat the first stanza of "The Star Spangled Banner."

Married in Missouri

The Maryville, Mo., Tribune of July 9 contains the following account of an interesting marriage, the bride being well known here, where she was employed for some time in the postoffice, courthouse and with the Abstract Title company, making her home at Newport Beach:

The marriage of Miss Nelle Saunders of Maryville and Mr. William Simeon Gray of Casper, Wyo., was solemnized at 5:30 o'clock yesterday afternoon at the beautiful home of the bride's aunt, Mrs. T. L. Robinson, on West Third street. The wedding took place in the rose garden before a huge bower of pink roses.

The ceremony was read by Rev. C. Emerson Miller, pastor of the First Christian church, the ring service being used. The bride was beautifully gowned in white net over white satin and carried an arm bouquet of bride roses. The couple was attended by Mr. and Mrs. Edward Wright Gray. Mrs. Gray was charmingly gowned in her wedding dress of white metal lace and carried a shower bouquet of pink and white sweet peas. The wedding march was played by Miss Hilda Lahn, an intimate friend of the bride. Following the ceremony an elaborate wedding luncheon was served.

Week-End House Party

Misses Leona and Edna Patterson, Ireta Coulson, Gladys and Ellen Crawford and Agnes Allen, chaperoned by Miss Bertha Crawford, spent the week end at Huntington Beach and Balboa. A wiener bake was enjoyed at Huntington Beach Saturday night, and yesterday morning the party motored to Balboa, where beach pleasures were enjoyed.

Personals

Mrs. Frank Ey was a visitor in Los Angeles today.

Mr. and Mrs. George E. Peters, Mr. and Mrs. Dale Peters and two children, Edwin and Donald, motored to Santa Monica yesterday to attend the wedding of Mrs. Ida Cochran to her brother-in-law, Walter Cochran, of Petaluma. The marriage was solemnized at the Dudley home, the bride being an aunt of Mrs. Dale Peters.

Mr. and Mrs. Elmer Preston, Mr. and Mrs. James Livesey, Jr., and Miss Vivian Talbott spent the week-end camping at the second crossing in Santiago canyon. They went up Friday.

Mr. and Mrs. H. G. Nau of San Bernardino were week-end guests of Mr. and Mrs. C. P. Boyer at Tustin. Ralph Beals, who attends library school at Riverside, was at the home of his parents, Mr. and Mrs. N. A. Beals of 821 Garfield street, for a week-end visit. He was accompanied by one of the library school teachers, Miss Adaline Zaefer and her mother, of Rochester, N. Y.

Miss Etta Herner, cashier at the Southern Counties Gas office, has returned from her two weeks vacation spent at San Diego and Los Angeles. Miss Elsie Williams spent the week-end in Los Angeles.

A card from Asa H. Squier says that he and his wife will leave Albert Lea, Minn., July 28 for Oakland to visit their daughter. He orders his Register mailed to his California address until further notice.

OVATION GIVEN TO AMBULANCE MEN ARRIVING IN FRANCE

Unit of Which Malcolm Tedford Is Member Enthusiastically Received

Stanford's second ambulance unit, of which Malcolm Tedford, son of Mr. and Mrs. W. B. Tedford, Santa Ana, is a member, received an enthusiastic welcome in France, according to a letter just received in Los Angeles from Frank J. Taylor of Los Angeles, leader of this corps. Taylor writes from Paris of these men who sailed from New York June 10 on the Espagnole:

"Because we had our fine flag given to us by the Friends of France Society, the Stanford unit was chosen to march at the head of the procession of 200 ambulance men from the wharf at the mouth of the Geronde river to the depot. Imagine us, four abreast, marching through Bordeaux, dinky little town that it is, with a couple of hundred little rag-muffins escorting us on all sides, all dressed in black rags! You couldn't distinguish a boy from a girl, for they all had hair-cuts and wore the same duds.

"Everywhere people stopped and cheered, and soldiers on all the corners saluted. Here and there an American would shout 'Hullo boys!' and some Yankee sailors, sent over about six weeks ago and staying in Bordeaux awaiting orders showed genuine delight upon seeing us."

'C'est La Guerre'

Commenting upon conditions as he found them in Paris, Taylor adds: "Everywhere in Paris and France you hear, 'C'est la Guerre.' It is the universal excuse wherever things are unusual. 'It is the war.' You go into a restaurant and get a meal without butter or sugar. You protest. The 'karon' may smuggle some in, but particularly desirous of your patronage, and he will apologize if he can't bring it. But he will be sure to excuse the service with 'C'est la Guerre.'

"Yesterday, while wandering along the street, we came to a candy store with an unusually attractive window. The chocolates made our mouths water and we went in. We took a bar of sweet chocolate and the lady went straight up in the air.

"It seems that you cannot buy candy on Monday, Wednesday or Friday, and yesterday was Wednesday. Finally, when we explained that we were 'Americans' and did not understand, she told us slyly she would let us have our chocolate provided we put it in our pockets.

Three Candyless Days
"If there is one word which means more to the French than 'C'est la Guerre,' it is 'Americans.' As we left the store the saleslady pointed to a sign on the door, saying that no candy could be sold that day. Her act should have convinced any spy snooping around, for she was a star.

"If Paris shows signs of the war, as it surely does, largely by reason of the women in black, the women conductors, taxi drivers and many other workers, it shows America's entry into the conflict doubly so. Everywhere, American flags are flying. Everywhere, too, the question is, 'When are the Americans coming?' Even the French are beginning to realize that their fire is spent, and the most they can do is to hold on until the Americans come.

"They expect wonders from these Americans. They are to drive the Germans back, to defeat the foes of democracy. The French hope is placed in America, though before they would give up the French would send their women into the trenches rather than to admit defeat by the Germans. But France is a wild nation, for the flower of her manhood is either in the trenches, wounded or beneath the sod."

Land Is Producing

Describing the country, Taylor writes: "As you travel along the railroad into Paris you see acre after acre of the most beautiful land in the world. Everything is clean and fine in France despite the war. And you know that for two years or more no strong young man's hand has touched the soil. Here and there you see women, children or old men at work in the fields. Every foot of land along the Geronde river is producing, that France may feed her soldiers."

"France is holding her own with a mighty effort. Some things show signs of dilapidation, such as railroad buildings and some of the roads. For three years they have not been repaired, beyond bare necessity, and

they are beginning to show the results. The present state of affairs cannot go on much longer."

"In the station at Bordeaux I saw a soldier's wife saying good-bye to her 'poilu' husband. He, a mere private, had not much chance of returning intact, and she knew it. She tried to smile when he looked at her, and petted his cheek and kissed him. He turned to bid good-bye to two friends and she sat down on a truck. She leaned over limply, and her head fell to one side.

"In the meantime he opened a flask and began drinking. In the fifteen minutes that I watched him, he emptied the flask. Every few minutes his wife would kiss him, and put her cheek next to his, in that painful way that made you feel each time that she knew that she was touching him for the last time. And each time he took more from the flask, as he tried to cheer her with a few words, growing nearer and nearer intoxication.

Sisters Toss Baggage
"But who can criticize a man for becoming intoxicated in order to put up a brave front when he leaves his wife under such circumstances? Finally he left, and I saw her stagger out of the station, while her busy sisters tossed trunks and baggage, taking the places of the strong men usually found in the stations.

"Just so France is doing all sorts of things unusually and with an effort. At night there are lights on the streets, but they are protected from the observation of aviators by wide covers placed on top of them. The Germans are only seventy or eighty miles from Paris, and 'C'est la Guerre.' France would die to a man and to a woman rather than have the Germans enter Paris."

According to Taylor's letter, three of the Stanford men, Carl Floete, Garnet Rainey and Robert I. Clouse, have left the unit to join a transport service. The rest of the corps, however, "is tied together as strong as old Gibraltar itself." The men have gone into an ambulance training camp, from which they may be called at any time for active service at the front.

SUBJECT FIRST GOV. STEPHENS IS DRAFT, SEVEN INVITED TO A. C. MEN JOIN MEETING

Will Go to Los Angeles Tomorrow to Take the Physical Examination

Preferring to become identified with Company L, whose officers they know as well as a good portion of the enlisted members, seven young men of this city and Tustin who are within the first draft members, Saturday made application for enlistment in Co. L. They will take the examination in Los Angeles tomorrow. They are Geo. A. Smith, Grover C. Riehl, Floyd W. Turner and Clint F. Hawkins, all of Tustin, Caswell L. Connor, Robt. L. Brown, and Loran J. Dale, all of Santa Ana.

Grover Riehl is a brother of Sergeant Riehl who is in charge of the local recruiting station for Co. L located at the Allerton Hotel.

Sergeant Riehl and Corporal Holmes are here from Co. L to enlist all Orange county boys who wish to join the company. It is understood that quite a number of men are still needed to recruit the company up to full war strength.

JOE FARGON, A TRUSTY, IS GIVEN HIS PAROLE

After serving more than half his sentence, Joe Fargon, arrested in Fullerton five months ago on a charge of assault with a deadly weapon, has been released from the county jail on parole. Fargon, who was employed by a Fullerton packing house as foreman of a picking crew, was taken into custody by Marshal French after he had emptied a revolver at four Mexicans following a dispute over wages. Fortunately Fargon's marksmanship was poor and none of the bullets took effect.

Fargon was arrested on a charge of assault with a deadly weapon but at the trial the charge was reduced to simple assault and Fargon escaped with a nine months' jail sentence.

Fargon was proprietor of a Fullerton restaurant at one time. At the county jail he was chief cook and a trusty.

MAN HAS SPLINTER SENT THROUGH THUMB

J. W. White, employed on the San Joaquin Fruit Company ranch, received a severe injury to a finger when unloading lumber for a new walnut packing house. A big splinter was thrust entirely through one thumb. The man went to the Santa Ana Hospital, where the splinter was removed.

DIED IN LOS ANGELES
Mrs. Ruth Langford, formerly Miss Ruth Titus, passed away in Los Angeles last night. She was a sister of Mrs. H. M. Kinslow.

Mr. and Mrs. Clare Johnson spent the week-end with friends at Venice, returning this afternoon.

Word from Mrs. H. Enderle, who underwent an operation at St. Catherine's Hospital, Santa Monica, is that she is recovering nicely after the ordeal.

LAGUNA BEACH

ELEVEN HARVARD BUG HUNTERS ARE COMING TO LAGUNA

Entomologists and Zoologists Are to Do Research Work At the Beach

LAGUNA BEACH, July 21.—Professor Herrick of Cornell University, at Ithaca, N. Y., visited the Pomona College Marine Laboratory this week. Professor Herrick gave Dr. Hilton news of eleven professors from Harvard and Cornell who are on their way to Laguna. They are entomologists and zoologists and are on an auto expedition to the West. As their schedule has been changed they will probably reach here no sooner than the second week in August, instead of on August 4 or 5 as previously expected. Most of the men will spend the rest of the vacation here.

Mr. and Mrs. William H. Price and Miss Vera Price, their daughter, left Saturday morning after an eleven weeks' visit. The Prices expected to stay three weeks, but found the beach life so enjoyable that they extended their visit. They occupied the old Burbank cottage while here.

Mrs. H. N. Gleason, mother of Mrs. Colin MacDonald, of Riverside, who is occupying the large Cravath cottage, leaves Laguna Saturday for Los Angeles. She will be gone about three weeks. Mrs. Gleason's little granddaughter, Marion, returns to Los Angeles with her grandmother after a month's visit.

Mr. and Mrs. A. C. Emerson of Garden Grove are spending their summer vacation at Laguna. They are occupying Dr. Marshall's cottage on the Cliffs. This is the first visit the Emersons have made to Laguna for several years. They are very much impressed with the beauty of the place—so much so that Mr. Emerson expressed a desire to live here. Mr. and Mrs. Emerson will remain a week.

Miss Josephine Yoch and Miss Katherine Isch left Laguna Wednesday afternoon on their way to Kern County. Mr. Tom Doyle, Miss Yoch's brother-in-law, had been down for a short visit, and Miss Yoch and Katherine returned with him for a visit at his cattle ranch at Onyx. They drove as far as Los Angeles Wednesday, passed the night there, leaving the next day for the north. As they traveled by motor they expected to spend two days on the way.

Mrs. William Willis, of Laguna Cliffs, is entertaining her mother, Mrs. Mary C. Glass of Pasadena. Mrs. Glass is an invalid and has been confined to her bed ever since she arrived.

Mr. and Mrs. James Rice of Tustin are now occupying their cottage "Coral Inn" at Laguna. Mrs. Rice has as house guest Miss Pauline Davis of Los Angeles. Thursday Mrs. Rice and Miss Davis entertained Mrs. J. S. Wood of San Bernardino, and Miss Ann B. Mason of Laguna Cliffs at a one o'clock luncheon. The afternoon was spent at bridge.

Mr. and Mrs. A. C. Wood and Miss Nevada Lindsay of Laguna Cliffs, and Mrs. Sundruff of Riverside, who has been visiting Mrs. Wood for the past three weeks, motored to Santa Ana, Balboa and Newport Wednesday. They had a picnic luncheon at Newport and returned late in the afternoon. Friday Mr. and Mrs. Wood drove to Riverside, taking Mrs. Sundruff back to her home. They expected to return late Friday afternoon.

Mrs. Moulton and Doris Moulton, of Riverside are occupying the Ferris cottage on the bluff. The Moultons have spent a part of every summer in Laguna for many years. Miss Margaret Johnston of Claremont is a guest of Miss Moulton.

Mr. and Mrs. William Summers, who have been spending several months with Mrs. Summers' people, the P. A. Fishers of Laguna Canyon, have taken the Farman cottage for the summer. Their children, Frances, Bill, Beatrice and Martha are with them. The Summers have recently come from the east and their stay in Laguna is indefinite as to length. It is possible that they will make this their home.

Miss Lana A. Baldwin of Montana, who is spending the summer in the small Towner cottage, went to Los Angeles Wednesday morning for a short visit. She will return Saturday. C. Carol White of Pasadena, who is occupying the Brooks' cottage on the Cliffs, went to Los Angeles and Pasadena Friday. He expected to be gone over night, and when he returns today, will be accompanied by Mrs. White's mother, who will make her daughter a short visit.

"The Breakers," home of Mrs. Otis Jones, has been filled to overflowing during the past week. Among the guests was A. L. Houchim of Auburn, Cal. He arrived Friday and will remain a week or two. Houchim is spending his time painting, while here.

J. R. Burns, a painter, of Los Angeles, is passing his usual yearly vacation in Laguna. He will remain a week.

Mrs. Leeper, the only authorized teacher of lip movement for the deaf, west of the Boston school, is among "The Breakers" guests. Mrs. Leeper is holding a class for instruction in lip movement and already has two pupils—Mrs. S. H. Paddleford of San Diego and Miss Woodworth of Eureka. Both of these ladies teach in schools for the deaf.

Mr. and Mrs. A. W. Rouscou, ranchers from Burbank, are at "The Breakers." They will remain about two weeks.

Mark Hall of Pasadena was down for a few days. Mr. Hall has a class in dancing in his home, and has also started one here. The class meets in Hebard's pavilion every Monday evening.

R. O. Church, his wife and family were this week's visitors. Church is president of the First National Bank of Burbank and is a very old friend of the Joneses.

Mrs. W. S. Sawyer and her daughter, Miss Elizabeth Sawyer, are week end guests. This is their first glimpse of Laguna and they are much delighted with it. They are enthusiastic Red Cross workers and spend much time knitting socks for soldiers.

The Inman cottage and the tent next to it are to be occupied during the next two weeks by Mr. and Mrs. Dunfee and Mr. and Mrs. Jack Smith, respectively. Dunfee is a commercial artist on the Examiner staff in Los Angeles. Smith is a member of the California Art Club. Both gentlemen are painting while in Laguna.

Mr. and Mrs. J. W. Sleeper of Redlands arrived at the hotel Friday. They have not yet decided how long they will stay in Laguna.

Mrs. P. Ferguson and her daughter, Miss Dorothy Ferguson, of Los Angeles, are guests at the hotel. Miss Ferguson will remain only over the week end, but her mother will stay on for a week.

Ellis J. Wyatt of Los Angeles is spending his vacation at the hotel.

FULLERTON CHICKEN HOUSES ARE RAIDED

FULLERTON, July 23.—Chicken thieves were active here Friday night, raiding two places on West Common, wealth avenue and making off with nearly fifty chickens. From the pen in the rear of the home of G. S. Fordham the thieves took thirty chickens, and from W. R. Ritchie, whose place adjoins Fordham's, seventeen chickens were taken.

At the pen on the Ritchie place the thieves passed up a turkey and a number of small chickens. Marshal French Saturday morning followed tracks left by the thieves to an orchard on Nicolas avenue. Tracks there indicated they had loaded the chickens into a wagon drawn by two horses and driven south.

SAMMIES IN FRANCE ARE TO BE WELL FED

WASHINGTON, July 23.—Uncle Sam's soldiers in France won't be obliged to subsist on the ordinary "beef and beans" popularly supposed to be the only army edibles.

Food contracts placed by the government show the American fighters will have four kinds of tea, coffee and plenty of granulated sugar, pickles, all sorts of peppers and spices, potatoes, onions, flour for biscuits, hard bread, cane syrup, vanilla and lemon flavorings, lard, butter, canned and dried fish, vegetables, apples and peaches.

TEAR UP STAMPS TO AID U. S., IS URGED

WASHINGTON, July 23.—A two-cent-a-day "bit" for would-be patriots who can't fight, buy Liberty bonds or display posters on their automobiles urging others to join the army, was suggested to Senator Ashurst of Arizona by Daniel T. Brown of California.

Brown, a Lusitania survivor, wrote from the California home for disabled soldiers—of whom he is one—"Let everyone who can't fight or buy bonds destroy a new two-cent stamp every day. We're all doing it. It means \$7.30 a year for the government—almost all clear profit."

CIVIL SERVICE EXES.—The California State Civil Service Commission announces the following examinations to be held in the near future:

Assistant Property Agent, State Board of Control, \$1200-\$1800 a year.

Laboratory Helper, State Board of Control, \$800 a year.

Skilled Trades Examinations.

The wages for the following positions are the prevailing wages of the locality where the employment exists, except in the cases of institutional painters and plumbers, who receive \$80 a month with maintenance: Painter, Plumber, Plumber's Helper, Blacksmith, Blacksmith's Helper.

Application blanks and further information regarding the above examinations may be secured from the State Civil Service Commission at any of the following offices: Room 733, Ferry Building, Sacramento; Room 10, Ferry Building, San Francisco, and the Los Angeles County Civil Service Commission, Room 1007, Hall of Records, Los Angeles.

HARPER

PASTOR RETURNS FROM CATALINA VACATION

HARPER, July 21.—Rev. John Wood has returned from his vacation to Catalina Island, and will conduct his regular services at Harper Sunday evening.

Mrs. James R. Smith has been enjoying an outing at Newport Beach the past week. Miss Mary Stearns spent Tuesday night with her.

The mesa was well represented at the Red Cross meeting Tuesday, which was held at the home of Mrs. Merkle on Modjeska island. Among those attending were, Mrs. Howard Woodrough, Mrs. George McGinnis, Mrs. E. A. Spaulding, Mrs. Mary Drury, Mrs. John Horn, Miss Mary Stearns and Mrs. C. A. Wilkinson. This chapter is working on its second box of surgical supplies, the one now containing six divisions.

Mrs. Parish visited with Mrs. James Smith at Newport Beach one day this week.

Will Stearns and family and Miss Mary Stearns enjoyed a surprise visit from their relatives Sunday. Those present were Mr. and Mrs. George Harris of Bakersfield, H. A. Stearns, wife and small daughter, Harriet, Miss Anna Stearns and Mrs. Mary Stearns, the good mother, all of Long Beach. Mrs. Harris is a sister. Baby Harriet was the winner of first prize in the parade at Long Beach the fourth, being dressed as a Red Cross nurse and drawing an ambulance.

Mrs. George McGinnis, having disposed of most of her household effects and storing her large collection of books and personals, left Harper Thursday, much to the regret of her many friends, who hope the McGinnis family will again make this their home.

Frank McGinnis is making his home with Emil Grenner for the balance of the summer months, after which he expects to go to his home in Minneapolis.

Harry Ogden and family are now living on the McGinnis place. Tuesday evening being the tenth wedding anniversary of each, Mr. and Mrs. James Evans and Mr. and Mrs. C. A. Wilkinson, they celebrated with a fishing trip to Newport. Mr. and Mrs. Robert Evans of Santa Ana were down and brought delicious orange ice and cake, all enjoying a very pleasant evening.

Mr. and Mrs. George Huntington entertained Mr. and Mrs. Howard Woodrough and Mrs. George McGinnis Tuesday evening.

Howard Woodrough and wife are setting an example of real thrift to their neighbors on the mesa, by making their plums into butter. There is such a large yield of plums the market is glutted with the fresh article, hence the Woodroughs' "butter factory." There is always a market for anything in the marmalade line.

Mr. and Mrs. Walter Young entertained Wednesday evening in honor of Mrs. George McGinnis, who left Thursday for Los Angeles. Cards were in order for the evening, there being four tables. Delicious refreshments were served. Just before departure Mrs. McGinnis presented Mrs. Wilkinson with a nifty done-up package which, upon opening, proved to be a tin cookie cutter, given as a memento of Mr. and Mrs. Wilkinson's tin anniversary, which they celebrated Tuesday, the 17th. Mrs. McGinnis and Mrs. Wilkinson are still wondering who the party was for, but both agree they were royally entertained, which ever way it was. Those present were Mr. and Mrs. George Huntington, Mr. and Mrs. Dan Reich, Mr. and Mrs. Harry Hinkle, Mr. and Mrs. James Walker, Mr. and Mrs. Howard Woodrough, Mr. and Mrs. Clarence Wilkinson, Mrs. George McGinnis, Frank McGinnis and Emil Grenner. The Monroes are back from Imperial and intend making Harper their home again.

Signs
"Remember, my friend, that much money does not necessarily mean great success."
"No, but its entire absence is a pretty sure sign of failure."

Why "An-uric" is an INSURANCE Against Sudden Death! SUFFERERS FROM BACKACHE, RHEUMATISM AND KIDNEY TROUBLE.

Before an Insurance Company will take a risk on your life the examining physician will test the urine and report whether you are a good risk. When your kidneys get sluggish and clog, you suffer from backache, sick-headache, dizzy spells, or the twinges and pains of lumbago, rheumatism and gout. The urine is often cloudy, full of sediment; channels often get sore and sleep is disturbed two or three times a night. This is the time you should consult some physician of wide experience—such as Dr. Pierce, of the Invalids' Hotel and Surgical Institute, Buffalo, N. Y. Send him 10 cents for sample package of his new discovery—"An-uric." Write him your symptoms and send a sample of urine for test. Experience has taught Dr. Pierce that "An-uric" is the most powerful agent in dissolving uric acid, as hot water melts sugar, besides being absolutely harmless and is endowed with other properties, for it preserves the kidneys in a healthy condition by thoroughly cleansing them. Being so many times more active than lithia, it clears the heart valves of any sandy substances which may clog them and checks the degeneration of the blood-vessels, as well as regulating blood pressure. "An-uric" is a regular Insurance and life-saver for all big meat eaters and those who deposit lime-salts in their joints. It can now be obtained of the best druggists in 50-cent packages.

Dr. Pierce's Pleasant Pellets for the liver and bowels have been favorably known for nearly 50 years.

ORANGE

PERSONAL AND SOCIAL
NEWS NOTES FROM
ORANGE CITY

ORANGE, July 21.—The Friday Afternoon Embroidery Club of Olive met in all-day session in Long Beach yesterday, the ladies making the trip in automobiles. Well-filled baskets were carried along, and the luncheon spread in Library park.

In the afternoon the members went to the beach, enjoying the sand for a while, then a dip in the surf. The return home was made at a late afternoon hour. Going on the outing were the Mesdames Adams, Crawford, Earl Crawford, Watson, Planders, Newell, McGraw, and the Mesdames Bessie, Bortz, Wood, Clara and Bertha Adams and Elba Elson.

The Birthday Club, which is composed of those who are not "touchy" upon the subject of such anniversaries, was entertained yesterday by Mrs. Hutchinson, on North Grand. Four guests and fourteen members were present.

The afternoon was passed in most interesting conversation and story telling. Miss Stein, of Chicago, who is a summer guest in Orange, gave several splendid piano selections, which all present heartily enjoyed.

Ice cream and cake were served by the daughters of Mrs. Hutchinson, Mrs. F. Wallace and Mrs. Mamie Meyers, with Mrs. Edna Hutchinson, daughter-in-law of the hostess, are visiting her and other relatives here.

After wishing for Mrs. Hutchinson many recurring anniversaries of the kind, the guests bade good afternoon.

Mr. and Mrs. Roy Smith of San Juan Capistrano, are Orange visitors today.

E. K. Weiss spent today in Los Angeles attending to some business affairs.

Arthur Warner, who has been ill with pneumonia, is getting along very nicely.

Miss Edith Miller and Miss Eunice Miller will spend tomorrow at Balboa.

Clarence Rose of Fullerton visited friends in Orange yesterday.

George Hawk was a business visitor in Los Angeles today.

Miss Gladys Lundblade was a visitor in Los Angeles yesterday.

Mrs. L. J. Danner spent today in Los Angeles.

Santa Ana, is reported to be slightly improved.

D. Squires, Dale Bay, Clarence Bay, Jay Horbure, Bill Samis, Earl Pine and Clyde Ryan will go deep sea fishing from Newport tomorrow.

John Hayton left yesterday for Jerome, Arizona, for a pleasure and business trip. He will return home Monday or Tuesday.

Miss Irene Stein, who is spending the summer with her cousin, Miss Marie Stein, went to Los Angeles this morning to remain for several days.

Mrs. E. C. Horton, who resides with her sister, Mrs. I. D. Mills, on North Orange, has gone to Whittier to visit for a week.

Mr. and Mrs. A. Laswell, who have been spending several days at Bear Valley, returned home last night.

C. A. Knuth and family will go to Silverado tomorrow and will remain there, camping for two weeks.

LABORERS LEAVE DRAFT REACHES TO WORK IN SAN BERNARDINO

Fifty Mexicans leaving here last night for San Bernardino to work, led to a rumor this morning that the bunch had left for Mexico in order to avoid being drafted into the army.

According to the statement of J. M. Franco, who lives here and does private work among Mexicans for attorneys, there is an impression among a great many of the men whose names appear in the draft list, that it is the intention of the "gringos" to take them into the army and kill them off first.

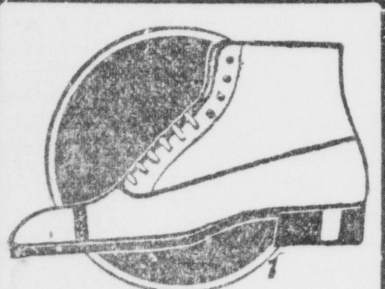

A statement of another man in close touch with the Mexicans of this vicinity is to the effect that some of them want to go to war and are disappointed that they have not been pressed into service before now, while others don't want to go to war and are talking of returning to Mexico until such a time as the war situation clears.

According to Franco there are now labor agitators working among county Mexicans inducing them to strike or refuse to work at wages offered by farmers and the sugar factories. Franco says he has been accused of such tactics. He denied that he has ever talked to his countrymen along the line of advising them to go on strike.

"My business is to assist attorneys," said Franco this afternoon. "I have been living here six years, part of which time I have been associated in Los Angeles with an attorney. My business is to try to clear misunderstandings between my people and their employers. I often have one of my countrymen come to me and say that a man he has been working for has cheated him. I have always made investigations and in most cases found that the trouble was clearly a misunderstanding because one did not understand the other's language."

RICH AND POOR ALIKE IN S. A. LISTS SHOW

James Irvine, Jr., and Murray Vandermast Among Those In First Call

Results of the drawing in the big human lottery last Friday somewhat resembled a cyclone—hit in some spots and missed in others.

In the first 2000 numbers drawn, and which it is believed will take care of the first draft, locally some lines of business were hard hit in the selection of members of firms or employees, while in other lines not a man was touched.

Sons of several wealthy residents are in the first draft, among them Jas. Irvine, Jr.

Arthur Lutz, son of Mr. and Mrs. Wm. F. Lutz, no longer believes 13 is a hoodoo number. That was his draft number and it was not drawn in the first 2000 numbers. Lutz was coach at the Redlands high school last season and it is understood that he will resume his duties when school opens for the next term. He recently engaged in farming but suffered sunstroke and will not continue to follow that vocation.

Murray M. Vandermast, son of Mr. and Mrs. Asa Vandermast, and connected with the Vandermast clothing store, is among those who will have to appear before the exemption board for the first call. His number is 49, and an error in the printed list gave the name of W. L. Tubbs, teller at the Orange County Trust & Savings Bank. Tubbs' number is 48.

Newspaper men and bankers of the city escaped entirely from the first call, with one exception. Lawrence Estes, of the Register press room, was drawn, but he joined the navy several weeks ago and is now at the Goat Island training school, so will not be subject to the draft.

In the various business lines of the city, hardware men were drawn in the largest numbers. Five men from the hardware stores of the city will have to serve, unless they are exempted. They are C. W. Roth, of the Crescent Hardware Company, son of Geo. Roth, proprietor; he is unmarried. Edwin T. McFadden, of the Joann McFadden Hardware Company; unmarried. J. V. Woodside, bookkeeper at S. Hill & Son's; married. Loren Dale of the D. A. Dale hardware store; unmarried. A. Winn, metal worker at the Dale store; married.

Local agents of two railroads are within the first 2000 numbers drawn. H. J. Wasserman is agent for the Southern Pacific. He is an operator, and in all likelihood will be called into this service, if he is accepted; unmarried. George H. Platt is city ticket agent for the Salt Lake. He is not an operator; unmarried.

Outside of Santa Ana a number of newspaper men of the county are within the first call, three of them being from the Orange News. H. L. Dillingham is advertising manager of the Orange Daily News; married. J. F. Cramer, former business manager of the News, is married. G. E. Hart, city editor of the News, is married. E. M. Robbins, former owner of the Laguna Life, is married. He recently retired from the business because of ill health. N. H. Durrett is in the advertising department of the Anaheim Herald.

"Lefty" Hinrichs is another well known Orange county boy who will be subject to examination in supplying the county's quota. He is from Orange and has a reputation in sporting circles as a pitcher. He was formerly with the Chicago White Sox.

W. H. Titchener and R. H. Glidden are local drivers of Standard Oil wagons. The former is married.

Harry C. Ker is now an automobile salesman at Orange, formerly being one of the owners of the Orange County Garage, Buick agents, this city.

H. J. Plumb is a farmer at Tustin. He formerly was in business in this city.

W. L. Walton, 1139 West Chestnut, yesterday became the proud and happy father of an 8-pound daughter.

Theo Watry, oldest son of Rev. Watry of the Unitarian church, was among the first of the Orange county boys whose numbers were drawn early in the drawing. Reports received here differ on 736 and 726. If the latter number is correct, Elmer Francis Watry, another son of the minister, is in the first draft. Rev. Watry was recently the center of trouble in the church at Long Beach, because of his alleged unpatriotic utterances from the pulpit.

S. D. Waterman is a brother-in-law of Loren E. Beckler, killed at El Toro Saturday night by Jose Sanchez.

Geo. Peters, of R. D. 7, Santa Ana, is not Geo. Peters, teller at the Orange County Trust and Savings Bank.

Horace Cook is well known here through his activities as city motorcop. He recently resigned the position because of ill health and is now out of town. Married.

A. V. Wilson, bookkeeper and collector for the Santa Ana Transfer Company, is in the list. The former is unmarried. The latter is married.

Sam Barker, with the O. M. Robbins & Son Insurance agency, was the very last number drawn on the first 2000. Barker will not have to serve. He is the young man who lost his left hand two or three years ago while taking a mechanical course at the Santa Ana high school. He was working in the machine shop at the time. Married.

A. M. Struck, of Orange, is a son of Supervisor Fred Struck.

W. R. Coleman is one of the constables in Santa Ana township. Married.

N. D. Meyer is official Spanish interpreter in the local courts and is an attorney. Married.

E. L. Matthews is proprietor of the Orange County Ignition Works, Fifth and Spurgeon, this city.

Frank Musselman is the proprietor

of the Palace restaurant.

THESE ARE LAST ON THE LIST OF THOSE DRAWN

The very last number drawn for Exemption District No. 1 was 2205, and that belongs to Arthur Harms of Richfield. The last for No. 2 was also 2205 and it goes to W. M. Houston of Fullerton.

Every person of the 2270 in No. 1 and of the 2462 in No. 2 was drawn. Those at the very last of the list, the last ten for each of the districts were:

DISTRICT NO. 1

1662—C. H. Mansur, Huntington Beach.
203—Frank Macaray, Anaheim.
1870—C. O. McHenry, Fullerton, I. D.

611—Meritaro Sano, Santa Ana, R. D.
403—R. A. Nelly, Brea.
196—C. C. Lewis, Anaheim.

2205—W. M. Houston, Fullerton.

LOCAL EXEMPTION BOARD AWAITS ORDERS

"We are merely awaiting orders," said George W. Minter, chairman of the exemption board of District No. 1, today. "We have had but one official communication since the draft, and that was the one from Gov. Stephens, notifying us that Dr. Wehrly would be the examining physician for this district."

"We have no order to show how many men are to be furnished by this district. We have no instructions as to what exemptions we are to make. All we know about those things is what we see in the papers. We will go by the official instructions that are supposed to be on their way to us from Washington."

"We have no order to show how many men are to be furnished by this district. We have no instructions as to what exemptions we are to make. All we know about those things is what we see in the papers. We will go by the official instructions that are supposed to be on their way to us from Washington."

5 H. S. BOYS NOW MEMBERS OF COMPANY L

BY J. M. FISHER

(Private, Co. L, 7th Regt., N. G. C.)
SOMEWHERE IN CALIFORNIA.

July 21.—The boys of Co. L are as well and appear to be enjoying themselves.

Company L has five new recruits. All are high school boys from the city near which we are stationed. They are Emmett J. Donnelly, Alfred W. Leib, Melvin L. Stringfield, Frank E. Drake, and Harvey F. Hodges.

Clarence McElroy, who was with Company L on the border last year is with us again. All the fellows were glad to see him re-enlist.

Cook John G. Tervoreen has been making some of the border snails which made him famous. The boys greatly appreciate the delicious morsels.

A Bible for each man was received from Judge Thomas' class of the First Presbyterian church. The boys are all deeply grateful for the interest shown toward them and were very glad to receive the Bibles.

The men wish to extend a cordial invitation to the Santa Ana men to come and join the colors with Company L.

ORANGE COUNTY DRAFT QUOTA TO BE 385, IS ANNOUNCED

District No. 1 to Supply 185 and No. 2 200, Estimate Made Today

The net quota of soldiers to be required of Orange county in the first selection for the new National army will be 385, according to announcement by Adjutant-General Boree in Sacramento, Saturday night.

This, coming on the heels of dozens of estimates during recent weeks, is the first authoritative announcement to have been made since the draft law went into effect.

Taking this quota of 385 as the basis of reckoning it is possible to estimate somewhere near definitely for the first time, the quota to be furnished by the two districts in Orange county. Slight changes still to be expected, it has been announced by the adjutant general, will effect these figures only in a negligible degree.

The present intention of each of the boards is to send out notices to twice as many men as the quota calls for. This follows the War department estimate that it will take two men to produce one soldier, on the average.

Owing to large percentages of foreign population in the two Orange county districts it is admitted that an average of at least three registrants must be examined before a soldier is secured.

No announcement had been made in Sacramento, up to this forenoon, as to how many men each of the two Orange county districts will have to supply. However, it is possible to arrive at an approximate estimate. Based upon registrations, District No. 1 will have to supply about 185 men and District No. 2, about 200, the total of the two to be exactly 385.

Credit has been allowed for soldiers who have enlisted in the National Guard and regular army. According to the Adjutant General's deductions, Orange county's two districts have supplied, since the beginning of the war, 167 soldiers.
